

## **Hunters&Habitats Clements Mill Road Jaw Box**

**The Hunters & Habitats deer jaw collection box has had a spruce up recently making it easier to find. It's at the entrance to Sika Lodge, on Clements Rd just before the road enters the Kaimanawa Forest.**

**Please fill in a card and record the number of the metal tag and wire/zip tie it to the jaw. The box is only checked every couple of months so please don't put jaws in plastic bags as it makes jaw aging even smellier.**

**Happy Hunting  
Jawman**
